

# Thinking of You

Simply Red

Baby, yeah  
Thinking of you  
I will never be blue, baby

Wherever I go, and whatever I do  
Baby, I'll be thinking of you  
I will never be blue, 'cause I'm thinking of you  
Baby, I'll be thinking of you

There've been too many rocks in my heart  
So many soul songs tearing me apart  
I need to relax and make a new start  
'Cause you're the only one that gets deep in my heart

(Bam!) 'Cause I'm thinking of you  
(Bam!) I'm thinking of you  
(Bam!) I will never be blue, baby  
(I'm thinking of ya all night long)

I've had the blues, but here's the news  
Baby, I'll be thinking of you  
Yeah, I will never be blue, baby  
'Cause I'm thinking of you

And there's too many dreams have been blown  
Just a victim of circumstance, out on my own  
I need to relax and make a new start  
'Cause you're the only one that gets deep in my heart

(Bam!) 'Cause I'm thinking of you  
(Bam!) I'm thinking of you  
(Bam!) I will never be blue, baby  
(I'm thinking of ya all night long)  
That's right

Baby, yeah!

(Bam!) 'Cause I'm thinking of you  
(Bam!) I'm thinking of you  
(Bam!) I will never be blue, blue, blue, blue  
(I'm thinking of ya all night long)

(Bam!) I will never be blue, blue, blue, blue  
(Bam!) 'Cause I'm thinking of you  
(Bam!) Baby, yeah  
(Bam!) I'm thinking of you
