

Comin' to town no I ain't blind
I'm living my soul and I am wicked
Ain't got no time for respect
I'm living my soul and I am wicked

So come what's the deal and I'm comin'
Where's the goldmine
Come on in a second I ripp you off and kill
Come on ain't it time beatin' up the rhyme
Come on and bring me to the wild wild west

So comin' to town no I ain't blind
I'm living my soul and I am wicked
Ain't got no time for respect
I'm living my soul and I am wicked

So come what's the deal and I'm comin'
Where's the goldmine
Come on in a second I ripp you off and kill
Come on ain't it time beatin' up the rhyme
Come on and bring me to the wild wild wild wild west

So come what's the deal and I'm comin'
Where's the goldmine
Come on in a second I ripp you off and kill
Come on ain't it time beatin' up the rhyme
Come on and bring me to the wild wild wild wild west
To the wild wild wild wild west
