

Let's Make Love Not War

Skeeter Davis

Come on baby let's make love not war
Come on baby what have we fighting for
Don't let a silly fight keep us apart tonight
Come on baby let's make love not war.

Now everytime we fight you know it makes me so sad
But don't say things you know gonna make me mad
Let's hold each other tight and everything will be all right
Come on baby let's make love not war.

We fall over silly things that always makes me cry
And babe when I hurt you tears me up inside
Let's take the time to count to ten and we'll be laughin' again
Come on baby let's make love not war.

Come on baby let's make love not war
Come on baby what have we fighting for?...
