

The Dark Tower

Skelator

My race has gone mad, my race is insane
Now the time has come, they must be slain
My cousin Yyrkoon ha taken my throne
Now he must die, his flesh ripped to bone
I come here with barbarians, they will ravage Imrryr
They will kill all of Meliboné, spreading pain and fear
I come to you now as your true emperor
But now I betray you, I am your destroyer
I climb the stairs with haste
My cousin I will face
Revenge is at hand
So Yyrkoon, we meet again
You will pay for all your sins
You betrayed me, my throne you robbed
You enslaved my only love

The Dark Tower is calling me
CYMORIL!!!

i swing my sword, I feel the blow
But Yyrkoon is not dead
I split another's blood
NOOO!!!
