

Kyle say that  
He don't care  
Don't give a fuck  
Dont cut his hair  
And  
Had a party  
Drinkin' brews  
Cops bust in  
All sick of booze and  
He'll say surrender me  
Catch him if you can mother fucker  
Listen all you people get out his way  
Set aside and close you eyes and listen what he's sayin'  
I aint got no alibis oh  
I aint got no indecision  
Undecided unignited  
Watch the sparks fly in the air  
We say that  
Jurisdiction  
Overload  
No one enter  
Without a code and  
Stainless steel  
What keeps us in  
He's busted out by by  
One of his friends and  
Now he's straight and out on the streets he say that  
Catch him if you can motherfucker  
Listen all you people get out while y'all still can  
Step aside and close your eyes and listen to the band sayin'  
I aint got no alibis so  
I aint got no indecision  
Undecided unignited  
Watch the sparks fly in the air oh  
Oh oh oh whoa  
He'll say surrender me  
Catch him if you can mother fucker  
Listen all you people get out of his way  
Step aside and close your eyes and listen to what he's sayin'  
I aint got no alibis oh  
I aint got no indecision  
Undecided unignited  
Watch the sparks fly in the air  
We say that  
I aint got no (i aint got no)  
I aint got no (i aint got no)  
I aint got no (i aint got no)
