

Nothin Over Me

Slightly Stoopid

You got nothin over me
You got nothin over me
You can't tell me what to do
You say you're sick and tired of me
I'm sick and tired of you
And you ain't got nothin over me

You got nothin over me
You can't tell me what to do
You say you're sick and tired of me
I'm sick and tired of you
And you ain't got nothin over me
