

Take A Number

Slim Wray

Kinda wrong kinda right
Can't hear so well
So thanks for nothing
Take a number stand in line

Such a waste
Such a lie
Just act like you don't know me well

Loudest words always say nothing
As whiskey drowns out mine
Pretty bows and laces
Ain't a point of view

Such a waste
Such a lie
Just act like you don't know me well

Blindly buy what you've been sold
Act surprised when the bill unfolds
To your knees
Kinda sly, kinda slow
Catch me as I hit a low
And can't defend
