

# I Don't Need You

Sophie B. Hawkins

I'm going away  
As far as I possibly can  
And you won't find me  
You will never ever know  
How well and good I am  
'Cause you don't define me  
There's people on this earth who can help me  
Without using me  
There's people on this earth who can love me  
Without abusing me

I don't need you  
Like I thought I did  
I don't need you  
To watch me fall  
I don't need you  
To make me feel like a lonely kid  
I don't need you  
At all

We're in the eleventh hour  
And I seriously thought that we'd break through  
I sat in your kitchen and cried  
And underneath my words surged my love for you  
I reached out my hand for you daddy  
And you just turned your cool blue mind away  
It's my birthday and I don't get no well wishes  
Just a letter that you got some rent you think I ought to pay

I don't need you  
Like I used to do  
I don't need you  
To save my soul  
I don't need you  
To make me feel sad and blue  
I don't need you  
Like I always have  
I don't need you  
To hope and long for  
I don't need you  
To make me feel  
Mean and bad  
I don't need you  
anymore
