

# Hush Little Voices

Sophie Ellis-Bextor

I lie awake, they've taken hold  
The whispers on the wind pursue my restless soul  
But it's alright, these ghostly things  
If I can't drown them out then I'll invite them in

There's a storm in me  
It never goes away  
No matter what I try  
But in the morning light  
The shadows ebb away  
They never rest at night

Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Won't you sleep for a little while?  
Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Why are you never satisfied?

Not long ago you were my prey  
But I'm hunted now every night and day  
The tables turned, you're in control  
This fever in my mind will surely take its toll

There's a storm in me  
It never goes away  
No matter what I try  
But in the morning light  
The shadows ebb away  
They never rest at night

Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Won't you sleep for a little while?  
Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Why are you never satisfied?

Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Won't you sleep for a little while?  
Hush little voices, don't you cry  
Mama's gonna sing you a lullaby  
Hush little voices in my mind  
Why are you never satisfied?
