

# Unrequited

Sophie Ellis-Bextor

Long back I had a vision about you  
So tender, we loved 'til the end of our days  
And it pulls at my heart  
As it has from the start  
Now ain't that the craziest thing

Nothing hurts as much  
Nothing hurts like love unrequited  
But its such a vivid love  
Such a vivid love in my mind

Nothing hurts as much  
Nothing hurts like love unrequited  
But its such a vivid love  
Such a vivid love in my mind  
I can't let it lie

Tell me, how can you say that its over  
As long as I'm breathing I know that there must be a chance  
So I'll keep holding on  
Though the pain carries on  
Now ain't that the craziest thing

Nothing hurts as much  
Nothing hurts like love unrequited  
But its such a vivid love  
Such a vivid love in my mind

Nothing hurts as much  
Nothing hurts like love unrequited  
But its such a vivid love  
Such a vivid love in my mind  
I can't let it lie

You keep telling yourself there's a future now,  
But its over now,  
So walk out the darkness,  
And dance on your own in the light

Nothing hurts as much  
Nothing hurts like love unrequited  
But its such a vivid love  
Such a vivid love in my mind  
I can't let it lie

I cannot let it die  
I'll never let it lie
