

Waiting For Nothing

Sparklehorse

Stayed up all night
With the bugs in the bright
And the air turned cold and black
Turtle trapped on it's back
I'm waiting for nothing
Waiting for nothing
I'm waiting for nothing
I'm waiting for nothing
Rising from the earth
Measuring our worth
And the fog is thick and wet
Gonna get worse I bet
I'm waiting for nothing
Waiting for nothing
I'm waiting for nothing
I'm waiting for nothing
I'm waiting for nothing
I'm waiting for nothing
