

# Flawed Design

Stabilo

When I was a young boy  
I was honest and I had more self control  
If I was tempted I would  
Run  
Then when I got older I began to lie to get exactly what I wanted when I wanted it  
And I wanted it  
Now I'm having trouble differentiating between what I want and what I need to make me  
Happy  
So instead of thinking I just act before I have a chance to contemplate the consequence of  
Action

And I will turn off  
And I will shut down  
Burying the voices of my conscience hitting ground  
And I will turn off  
And I will shut down  
The chemicals are restless in my head

Cause I lie  
Not because I want to  
But I seem to need to all the time (need to all the time)  
Yeah I lie  
And I don't even know it  
Maybe this is all a part of my  
Flawed design

And ever since I figured out that I could control other people  
I've had trouble sleeping with both  
Eyes closed  
And if I ask permission if I make sure it's ok I promise I won't slip up this time you can  
Trust me  
But never take advice from someone who just admitted to being devious and just confessed to  
Treason  
And I would also never ask a question that I cannot ask myself for it might dirty up your  
Conscience

Cause I lie  
Not because I want to  
But I seem to need to all the time (need to all the time)  
Yeah I lie  
And I don't even know it  
Maybe this is all a part of my (flawed design)

And how can you say those things why can't you just believe  
And how can you say those things and keep a straight face  
And how can you say those things why can't we just believe  
And how can you say those things and keep a straight face

And I will turn off  
And I will shut down  
Burying the voices of my conscience hitting ground

And I will turn off  
And I will shut down  
The chemicals are restless in my head

Cause I lie  
Not because I want to  
But I seem to need to all the time (need to all the time)  
Yeah I lie  
And I don't even know it  
Maybe this is all a part of my (flawed design)

Cause I lie  
And if I could control it  
Maybe I could leave it all behind (leave it all behind)  
Yeah I lie  
And I don't even know it  
Maybe this is all a part of my  
Flawed design
