

## Zombie Christ

Star Fucking Hipsters

eyes are gouged, I cannot see  
the mouth that's chewing chunks of me  
been ripped apart from ass to head  
fed on by the undead  
your lips are colored red with gore  
I'm bleeding out across the floor  
I'm gonna die, I won't survive  
but I'll be back alive

he preach-ed and bleed-ed  
brain feed-ed's what the bible says

dismembered me with no memory  
life, it just ain't quite the same  
when you are feasting on my...

blood is draining down my back  
my head's an embryonic sac  
the cord stranglin's umbilical  
from sliced up guts you pulled  
all of the ribs above my heart  
you chewed with teeth to tear-apart  
The love is all gone from your eyes  
your christ was hypnotized

he preach-ed and bleed-ed  
brain feed-ed's what the bible says

dismembered me with no memory  
life, it just ain't quite the same  
when you are feasting on my brain  
you've gone insane  
now there's no pain  
all that's left is afterbirth  
together, we must roam the earth
