

Too many times  
I tried to say it so  
That you should go  
Go away

Too many times  
I tried to say it so  
That you should go  
Now

Cause your opinion is wrong  
And you should know  
Our patience is low

What the fuck  
Do you think you are  
What the fuck  
We used to like you

In this time I see  
No other solution  
You are different than used to be  
Now  
Don't come anymore  
We want to see you no more  
This is our final word

We used to like you

Too many times, you should go  
Too many times  
I tried to say it so  
That you should go
