The Fez

Steely Dan

No I'm never gonna do it Without the fez on, oh no No I'm never gonna do it Without the fez on, oh no

That's what I am, please understand I wanna be your holy man

No I'm never gonna do it Without the fez on, oh no Ain't never gonna do it Without the fez on, oh no

That's what I am, please understand I wanna be your holy man

No I'm never gonna do it Without the fez on, oh no Don't make me do it Without the fez on, oh no

That's what I am, please understand I wanna be your holy man
