

# Mind Control

Stephen Marley

Yeah, yeah, yeah, now tell you what  
It's mind control, mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Mind control, it's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Don't let them mold your mind  
They wanna control mankind  
Seems like their only intention  
Is to exploit the earth, yeah

And you trust in their deceit  
Your mind causes your defeat  
And so you become an invention  
To distort this earth

Propaganda and lies  
Is a plague in our lives  
How much more victimized  
Before we realize? Hey

It's mind control, mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Mind control, it's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Ooh, Grandmaster  
Let the people go  
You put them in total confusion  
To down-troy their soul

For they practice what You preach  
So they're always in Your reach  
Hi-tech slavery in these days  
It's mind control

They'll make it attractive to get man distracted  
Corrupting your soul, polluting your soul  
Destroying your soul, mind control

Mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Mind control, it's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

Yeah, yeah, yeah  
Come on and get it together, brother man  
What, what you say?

It's mind control, mind control  
Corruption of your thoughts  
Yeah, yeah, destruction of your soul

Mind control, it's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

(The truth is there for us to see)  
It's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

(The truth is there for us to see)  
It's mind control  
Corruption of your thoughts, yeah  
Destruction of your soul

(The truth is there for us to see, the truth is there for us to see)
