

Restless Mind

Stereophonics

Shooting star
Seems so far
You drink from your jar
I wanna heal my scars

Take care of my child
Take care of my wife
But I'm not so kind
To my restless mind

I wouldn't treat a friend
Like I treat myself
Wouldn't borrow or lend
Run a mile instead

Take care of my child
Take care of my wife
But I'm not so kind
To my restless mind

All the lessons I've learned
All the money I've earned
All the time I've burned
I wasn't in the room

Take care of my child
Take care of my wife
But I'm not so kind
To my restless mind

No, I'm not so kind
To my restless mind
