

# Bring You To Life

Steve Aoki

Yeah crash and burn  
We can start the fire  
To save us on coldest night  
We can find out where the northern lights lead us  
Back home to the bluest sky  
In the city nightmares I was dreaming of  
Took it far just learn to fly  
Found the beauty in darkness the girl will never find

And I will wait for you  
Until the end of time  
I will wait to bring you to life

To bring you to life  
I will wait

Let them tear us down  
We will build different life  
We will find out where we let the ocean tide lead us  
Back home to the warmer night  
In the city nightmares I was dreamt of  
Took it far just to learn to fly  
Found the beauty in darkness the girl will never find

And I will wait for you  
Until the end of time  
I will wait for you  
I will wait for you  
I will wait to bring you to life

To bring you to life  
To bring you to life
