That's Paradise

Steven Curtis Chapman

Jimmy and Mary were quite a pair back in their younger days
They met a married in six weeks time and
That was sixty years ago this May
Four kids made a house a home
And a love for Jesus kept them strong
Now every morning at eight A.M.
Jimmy takes a drive through town
He spends his days at Mary's side
In a home for the old and broken down
With a cane in his lap and a Bible in his hand
He reads her stories about the promised land
And with tears in their eyes they dream of a place
Where everything changes in the light of Jesus' face and

That's paradise... Hey, that's paradise... When the life breaks through and the old's made new And the joy will never die, that's paradise

In another corner of this world, met another man named Jim Told me how twenty years of running from God Had finally gotten the best of him He said all hope was gone and he wanted to die 'Cause what could God do with such a messed up guy So we talked about Jesus, God's love and His plan And when Jim walked away he was a brand new man

Now listen, Well I know the best remains to be seen In a place that's far beyond our wildest dreams But until we see heaven we've got Jesus' world That He'll never leave us and each prayer will be heard
