

We Believe

Steven Curtis Chapman

The heavens declare your glory
The skies sing the work of your hands
Day after day they call out and say believe
The oceans are telling your story
Over and over again
Wave after wave they call out and say believe
Oh what a revelation
You've lifted our heads and opened our eyes
And this is our declaration

We believe we believe... You are God
We believe we believe... You are good
You have conquered the grave, Taken our sin away
We believe we believe... every Word
You have breathed we believe... we are yours
And with each breath You give us, We will proclaim
We believe we believe
We believe we believe

Now as we stand before You
We want to give You more than a song
We want lives that prove, that we really do believe
You've given us the Revelation
Now take your church and turn us into
A living declaration

And if our faith is weak, God help our unbelief
You are faithful, God you are faithful
And if our faith is weak, God help our unbelief
You have been faithful, You will be faithful

You say come... so here we are
Lifting up our hands and our hearts
To worship You and tell You we believe
