

# Lies On The Run

Stone Fury

Who is that  
What's his name  
I play the guessing game  
Get no - answers  
Lies on the run

There's a look in your eyes  
I can recognize  
Ice cold laughter  
Lies on the run

Get out, Get out

[Chorus:]  
Going too fast  
Better slow down  
Having your fun  
Foolin around  
Thought it was me  
I was the one  
Same old lies ...on the run

And you know  
What to say  
Your words are in my way  
Deadly weapons  
Lies on the run

But I can't  
Break the spell  
You spin the web so well  
Pretty poison  
Lies on the run  
Get out, get out

You paint your face  
Around your eyes  
Can't you see you'll pay the price

Empty nights, without love  
That is all you've got
