

Seems to Me

Stradlin Izzy

Seems to me time was, little bit as complicated then
And I don't mind much, I've learned all the angles and the tricks

Yeah that's alright (yeah that's alright)
Times they're changing, we roll with it
You cannot lie (you cannot lie)
Speed of sound, words flow with it

These days are gone, most of us have moved on
Still a few behind, yeah and that's alright
Seems to me time was, little bit as complicated then
And I don't mind much, I've learned all the angles and the tricks

Yeah that's alright (yeah that's alright)
Times they're changing, we roll with it
You cannot lie (you cannot lie)
Speed of sound, words flow with it
