Burning Up Time

The Stranglers

The Brighton train it goes real soon My Brighton Belle is in her room It's burning up time Burning up time

I wanna burn up while I'm having good times Don't wanna burn up with other people's bad times Like a meteor Like to meet yer

The weekend's here the Finchley Boys Are gonna make a lot of noise It's burning up time

You either love or you despise There's just no time for compromise The days have gotta move real fast We know that nothing's gonna last
