

# Out of the Fog

Stratovarius

Black day is dawning  
All prayers unanswered, laid to rest  
If there's a god he ain't here now  
In daunting darkness we will march  
Towards the end with desperate hearts  
Too tired to hope, too scared to dream

Let innocence fade, make no sound  
Let blood that we'll shed stain the ground

No turning back now, the orders are clear  
It's time to attack, let the shadows appear  
Heeding the call, brave, standing tall  
Relentless and ready to die

There's fear in the wind, there is death in the air  
Thousands of souls screaming out in despair  
Falling for honor, dying for freedom  
Making the last sacrifice

Rising higher flames will burn  
A mournful choir of souls that yearn

Red rain is falling  
Baptized in blood and sin we see  
Everyone was someone's son  
A soldier fighting for someone  
Just a man defending what he believes in

If we found out that we were betrayed  
Misguided and fallen from grace

No turning back now, the orders are clear  
It's time to attack, let the shadows appear  
Heeding the call, brave, standing tall  
Relentless and ready to die

Rising higher flames will burn  
A mournful choir of souls that yearn

Let innocence fade, make no sound  
Let blood that we'll shed stain the ground

No turning back now, the orders are clear  
It's time to attack, let the shadows appear  
Heeding the call, brave, standing tall  
Relentless and ready to die

Rising higher flames will burn  
A mournful choir of souls that yearn
