

## Primitive Love

Suzi Quatro

Primitive love, Primitive love  
Primitive man make primitive love  
Primitive love, Primitive love  
Great heavens above, it's primitive love

Drags his woman back of the hill  
Rough, and tough, but I don't care  
You be Tarzan, and I'll be Jane  
Run off and leave you  
But I'll come back again  
(Heavy Sigh!)

You be Adam, and I'll be Eve  
Primitive love is all I need  
Jungle fever in my head  
Gimme strange kinda lovin'  
That's what I said
