## **Primitive Love**

Suzi Quatro

Primitive love, Primitive love Primitive man make primitive love Primitive love, Primitive love Great heavens above, it's primitive love

Drags his woman back of the hill Rough, and tough, but I don't care You be Tarzan, and I'll be Jane Run off and leave you But I'll come back again (Heavy Sigh!)

You be Adam, and I'll be Eve Primitive love is all I need Jungle fever in my head Gimme strange kinda lovin' That's what I said
