

# Somewhere

Sweetbox

(Do you know? Do you know why your heart stands still?)  
Do you know what you're looking for?  
Why your tears dry clear?  
Do you know why you're breaking hearts?  
Why you're ending up back at the start? (Oh oh)  
Do you know why you're waking up? (More that we)  
The more that we know (give you) the less we know (They'll try)  
Somewhere beyond this  
Somewhere I know  
There's something better  
Ooh oh I know  
I know  
I know  
I know  
I know  
(Tell me) Do you know What you're fighting for?  
Why your dreams still burn? (oh yeah)  
Do you know why you wake at night?  
Why you close your eyes?  
When you should fight? (Oh oh)  
Do you know what you really love? (More that we)  
The more that we know (give you) the less we know (They'll try)  
Somewhere (Where you going to?) beyond this (one of us will)  
Somewhere (Where the sky goes on) I know (Where the sun'll beat strong)  
There's (So many things you love) something better (And it's really lover)  
Ooh oh I know  
I know  
I know  
I know  
I know  
(Do you know? Do you know why your heart stands still?)  
Do you know what you're waiting for?  
Why your heart stands still?  
Do you know what your limits are?  
Are you reaching out with open arms? (Oh oh)  
Do you know all your inner truths? (Moments)  
The more that we (In you) know the less we know (they'll try)  
Somewhere (Where you going to) beyond this (one of us will)  
Somewhere (Where the sky goes on) I know (Where the sun'll beat strong)  
There's (So many things you love) something better (And it's really lover)  
Ooh oh I know  
I know  
I know  
I know  
I know  
Somewhere (Where you going to) beyond this (One of us will)  
Somewhere (Where the sky goes on) I know (Where the sun'll beat strong)  
There's (And you can't give up) something better (And it's really lover)  
Ooh oh I know  
I know  
I know  
I know  
I know  
There's something better uh huh.
