

Too Much Love

Sylver

It's 5 a.m
The night has set me free
There's a cold and empty space
Where you used to be

Tonight I thought
That I was doing well
But when the curtain falls
I meet myself again

Too much love I had to give you
Too much love for you to take
In the arms of temptation
You fade away

Too much love I had to give you
Too much love for you to take
There's nothing you can do
To make me stay

I wonder why
You were afraid to love
I picked the moon for you
But it wasn't good enough

Tell me why you crushed me
With your lies
Is life so much better
On the other side

Too much love I had to give you
Too much love for you to take
In the arms of temptation
You fade away

Too much love I had to give you
Too much love for you to take
There's nothing you can do
To make me stay

And I tell myself I hate you now
And I promise not to cry
But when the night is closing in
I miss you by my side
Too many things on my chest
My soul is tired, let me rest

Too much love I had to give you
Too much love for you to take
In the arms of temptation
You fade away

Too much love I had to give you
Too much love for you to take
There's nothing you can do
To make me stay

Too much love I had to give you
Too much love for you to take
In the arms of temptation
You fade away

Too much love I had to give you
Too much love for you to take
There's nothing you can do
To make me stay
