

## Eastern Spell

**T. Rex**

Eastern voices calling to you  
Mystic magic oceans of blue  
Timeless wonders cease to wonder  
When you know the spell you're under Is mine.

Many times I've seen the sunset  
Only 'cos I'm trying to get  
All the love my mind is holding  
Unseen pleasures are exploding for me.

Secret sounds of giant sea birds  
Singing songs of lonesome sailors  
Golden cats in temples only knowing  
That the spell of time Is his.
