

## Laser Love

T. Rex

Gold mouth lady mix a drink for me  
Lay beside me a solid company  
You move on up, you move on back  
Your laser love is like a heart attack  
Lean clean woman lay a kiss on me  
My love is strong like a raging sea  
You move on up, you move on back  
Your laser love is like a heart attack  
Dance dance dance till the crack of dawn  
Dance dance dance till your shoes are worn  
You move on up, you move on back  
Your laser love is like a heart attack  
You move on up, you move on back  
Your laser love is like a heart attack
