

Sanctified

T. Rex

She's got a greased like chalice
back like a blue sharks fin (like a blue shark)
Well she moves like a mammoth
she's fine with her ebony skin (like a blue shark)

Over and over the sighed
over and over she cried
she's sanctified

Hammer-head abandoned
who sleeps like the leaves of spring (like a blue shark)
Well exhausted like a mammoth
a mammoth child, a real tough thing (like a blue shark)

Over and over she sighed
over and over she cried
she's sanctified

She's got a greased like chalice
head like a rubber band
Well she walks like a mammoth
her skin is like ebony blue
