

Farther On Down The Road

Taj Mahal

Farther on down the road
(you will accompany me)
Farther on down the road
You will accompany me
Farther on down the road
You will accompany me
When I think back
Your love was like the sun

I don't remember no cold days
I just remember the warm ones
Farther on down the road
You will accompany me
If a fusing life that I'd had before
I would rather be
But baby, I'd be glad to learn from you
And I know you'd be glad to learn from me
And if we get down
And things get sad
We can tear up each other
'Cause things just ain't that bad
If a fusing life that I'd had before
I'd rather be

Day by day, just one step
Just one step I'd to turn (???)
'Cause woman you have given me so much
Just an easy stub in your aching heart on mine
I don't care where we came from
And I don't care what they might say
Woman you be loving in my corner
Oh oh oh all the way
Day by day, and the magic of kindness
Floating all the time
Farther on down the road
You will accompany me
Farther on down the road
You will accompany me
Oh babe
Oh baby
Oh baby
Oh baby
Farther on down the road
You will accompany me
