

# Hush

Talib Kweli

Action and words dripping off the tongue  
Something like the flash of a The glass half empty, let me pour you some  
The glass half full cause there's more to come  
Jammin' on the 1, ja-jammin' on the 1  
Take a deep breath now expand your longues  
The breath is the life and it just begun  
I thank God for the morning, so, now look here girl  
Where you goin'? Come here girl, let me holla holla holla at ya  
Yeah, and thrown a couple dollars at you, c'mon  
I get paid baby doll I'm a star  
You can tell by the make and the model of my car  
That's the game these young niggas kicking  
Dumb niggas tricking but some niggas listen, look  
All that whack shit they spillin' in yo' ear  
I don't need none of that, you just feel it in the air

Hush - Cause you're sounding like a lullaby  
You're making me tired, so  
Hush - Ya' damn game is so weak  
It's putting me to sleep, please  
Hush - Haven't we heard it all before?  
Damn from all of y'all, so  
Hush - A motherfucker can only take so much  
I wish that you'd just hush

They say it's all about your market and the best way  
To reach the audience is to target and to profit from  
You know I'm used to reach a higher form of consciousness  
That still inspire dancers that's working for \$20 tips  
Rappers ain't pimps bruh, they acting like chimps  
Nah, King Kong ain't got shit on me like Denzel Washington  
A marijuana cocktail is the drawl mixed with the chocolate  
Bubbling like bong hits from white kids at college and  
You about to knowledge the strength of street knowledge kid  
The fact is spit for everything I gotta get  
You ain't gonna like it if you got problems well honest shit  
I don't like to break my promises so I don't fuck with politics  
The classes cause I ain't had no scholarship  
Now I come to speak, they give me honorary doctorates  
Could it possibly be that I got a degree at rocking this?  
Stop it all, born and prosper like Dr. Spock with it

Hush - Cause you're sounding like a lullaby  
You're making me tired, so  
Hush - Ya' damn game is so weak  
It's putting me to sleep, please  
Hush - Haven't we heard it all before?  
Damn from all of y'all, so  
Hush - A motherfucker can only take so much  
I wish that you'd just hush

Corporate thugs selling whores and drugs  
All up in the clubs get to fall in love  
Addicted to the life, high off the buzz  
Here now there ain't no ignorin' us  
Rawkus, you feel it in the Touching it with words cause a master did  
And plus, I ain't on the grabbing shit, it's like this, word

In this life every find the right type  
In the mix like Jack and Coke with limelight  
Funny how we do wrong things to get the mind right  
Vision blurry now but it's 20/20 in hindsight  
I don't make the singalong shit, get the rhymes right  
I'm nice, I'm sharper than any barber that get the line right  
It's in the bag and I'm tagging em, getting markers  
It's the shit starter on the hit artists like Chris Parker nigga

Hush - Cause you're sounding like a lullaby  
You're making me tired, so  
Hush - Ya' damn game is so weak  
It's putting me to sleep, please  
Hush - Haven't we heard it all before?  
Damn from all of y'all, so  
Hush - A motherfucker can only take so much  
I wish that you'd just hush
