

# Enemy Of Order

Tankard

Spying on users, attacks on privacies  
The daily news are frightening  
News about the agencies  
Facebook is Tracebook, Google and Apple too  
Structures I believed in turned out to be unsecure

You make me angry with all your shit!  
You'll kill democracy and digging us a  
Brave new pit  
But I won't join you - I won't comply  
You are the criminals - protection's just a dirty lie!

Enemy! Enemy of order!  
Enemy of order! You've lost my trust!  
Enemy! Enemy of order!  
Enemy of order! Disclosed your bluff!

Tempora and Prism, XKeyscore, Snowden's flight  
The governments deceive us, disregarding civil rights  
Is this prevention or is paranoid?  
Does it stop terrorism?  
Are the measures justified?

You make me angry with all your shit!  
You'll kill democracy and digging us a  
Brave new pit  
But I won't join you - I won't comply  
You are the criminals - protection's just a dirty lie!

Enemy! Enemy of order!  
Enemy of order! You've lost my trust!  
Enemy! Enemy of order!  
Enemy of order! Disclosed your bluff!

Total surveillance  
No fiction, that's fact!  
Is this illegal?  
Hell yeah! You bet!

Enemy! Enemy of order!  
Enemy of order! You've lost my trust!  
Enemy! Enemy of order!  
Enemy of order! Disclosed your bluff!

You make me angry with all your shit!  
You'll kill democracy and digging us a  
Brave new pit  
But I won't join you - I won't comply  
You are the criminals - protection's just a dirty lie!

Enemy! Enemy of order!  
Enemy of order! You've lost my trust!  
Enemy! Enemy of order!
