

Rain Falling

Tasmin Archer

Rain falling to the ground
Paint me in blue
Paint me in deep blue
Rain falling to the ground
Wash over me
Wash away misery
Rain falling

Here in my room there's time to lose
'Cause everything's done for me
I watch the moon and how it changes
My hands are tied
My fingers burned
But I'd do anything for you
I wait for news but nothing changes

Rain falling to the ground
Paint me in blue
Paint me in deep blue
Rain falling to the ground
Wash over me
Wash away misery
Rain falling

Another day
Another night
Another dream to haunt me
Another plan to make some changes

Gone and you're gone and you're gone and you're gone
And yet here I am
Gone and you're gone and you're gone and you're gone
And yet here I am
Gone and you're gone and you're gone and you're gone
And yet here I am
You're leaving like homeless thoughts
The weather waits for no-one
But in my world it never changes

Rain falling to the ground
Paint me in blue
Paint me in deep blue
Rain falling to the ground
Wash over me
Wash away misery
Rain falling
Rain falling
Rain falling
