

It's like that yaw, it's like that yaw
We went from slangin' them pieces to bussin' raps yaw
It don't stop yaw, till we at the top yaw
Me and Kutty bloody nutty leavin'em shocked yaw

I roll with, villians and vigilantys regimers and outlaws,
Mob figures we don't hang with cowards without balls
When they come runnin' nigga they stunnin' I give the outcall
Consisting of pistol starters dealers and south paws
Payed brother say brother where you get them hos at
Is what they say to the nigga with the most scratch
We dominate niggas prominent rhyming acts of war
You vomited when we commented boming at ya door
Just call me chakrateaze awfully cockin' your properties
Dropping the hypothesis make knots and monopoly roll
And it ain't no stoppin' me my stock will be properly watched
I'll be hot to these bianks it be a lot of flocks
At the top will be hoes.
Yeah, you tell them niggas we can't be blocked
We can't be stopped, can't be halted I'm from the block
Exalted I'm at the top you talk it I'm bustin' shots
With the villains and the deuce
Niggas we leaving you mutha fuckers shocked

You don't really wanna step to me
We can do it in the street and get'em up with these
You don't really wanna fuck with me
We can do it in the street and get'em up with these
