

Release The Deep

Telecast

Open the window
Release the deep
Come let Your waters
Flood over me
'Cause I've seen Your beauty
Been cleansed by Your blood
I've been in the desert
I've drank of Your love

And as the deep calls unto deep
I feel Your waves crash over me

'Cause You're all I ever wanted
And You're all I'll ever need
Yes, You're all I ever wanted
Jesus, You're all I'll ever need

Open the window
Release the deep
Come let Your waters
Flood over me
I'd sail all the oceans
I'd swallow the sea
Just to eat at Your table
With You, my King

And as the deep calls unto deep
I feel Your waves crash over me

'Cause You're all I ever wanted
And You're all I'll ever need
Yes, You're all I ever wanted
Jesus, You're all I'll ever need

Jesus, You're all I'll ever need
