Caught between a rock and a heartache In the middle of here and torn in two Not sure which road that I'll take On my way to over you

Maybe I'll get lost in the past Maybe I'll get past the lost Either way, with or without you I'm takin' off

Now that my wheels are turnin'
I know I can get there on my own
Now that my fears are burnin'
I'm almost gone
Closer to where I'm headed
Finding my way won't take me long
I may not be there yet
But I'm almost gone

What if I get stuck in a memory Even if it's right in front of me And I'll know that's where I need to be

Now that my wheels are turnin'
I know I can get there on my own
Now that my fears are burnin'
I'm almost gone
Closer to where I'm headed
Finding my way won't take me long
I may not be there yet
But I'm almost gone

Almost gone Almost gone
