

Get Around

The 69 Eyes

You've got a savage look in your eyes pretty little stranger girl

Too late to turn away you dragged me into your underworld

I think you've got your reasons

To carry a gun with you

Don't you try to baby put me down get around

(2x)

Would you give a minute in heaven for a lifetime in hell

What's your price for eternity girl I know you've got a soul to sell

I think you've got your reasons

To carry a gun with you

(if you ain't got better to do)

Don't you try to baby put me down get around (2x)
