## **Nothing Left To Lose**

## **The Alan Parsons Project**

- Nothing's good that uses bad
   The heat goes on and it drives you mad
  - Scornful thoughts that fly your way
    You should turn away, 'Cause there's nothing more to say
- 2. You gave the best you had to give You only had one life to live You fought so hard you were a slave After all you gave, There was nothing left to say
- R: You've got nothing left to lose

(you've got nothing left to lose)
Oh, you've got nothing left to lose
(wouldn't want to be standing in your shoes)

- 3. You read the book, you turn the page You change your life in a thousand ways All the pleas that light your eyes With the key you realize, To the kingdom of the wise
- R: You've got nothing...
- 4. Nothing ventured, nothing gained No more ling'ring doubt remains Nothing sacred or profane Everything's a game, Cause you've nothing left
