

## Step by Step

### The Alan Parsons Project

I was just a joker in a serious game  
I didn't have the heart to play  
But sooner or later  
I'll find a reason to throw it away  
Risin' on the crest of a natural wave  
That never seems to break my way  
I'm livin' without it  
But I got to do something about it

[CHORUS]

Step by step little by little  
Step by step take it line by line  
Move move move, move a little closer  
Step by step the deal is mine

I was just a runner in a one horse race  
Livin' on the don't pass line  
Sooner or later  
I got to lose cause I'm wasting my time  
Lady Luck must have been a wonderful girl  
She's never been a friend of mine  
I'm living without her  
But I still got that mountain to climb

[CHORUS]
