

Wherever I Go

The Album Leaf

Whereever I go, I take you with me,
'Cause I don't want to see you leave.
Whenever I go, you stay with me,
They won't see you leave.
Are you here with me?
I want you here with me
Whenever I turn, you are gone from me.
And I won't see you leave.
Whereever I go, your shadow follows me
I don't want to see you leave.
Are you here with me?
I want you here with me.
You are here with me.
And I am here with you.
You are here with me.
And I am here with you
