

# Whiplash

## The Answer

To this world I was thrown  
Without a hand to hold  
Will this world let me go  
I kept knocking  
They said no

Gotta find place  
I could fall from the human race  
If I don't find my place

Whiplash - and I know I don't belong  
Whiplash - let the devil sing his song  
Whiplash - cause I've done nothing wrong, no  
I got whiplash

In this world I was caged  
But I was never afraid  
I was lost, broken  
But I was awoken  
And you know I'm breaking out again

Gotta find my place  
I could fall from the human race  
If I don't find my place

Whiplash - and I know I don't belong  
Whiplash - let the devil sing his song  
Whiplash - cause I've done nothing wrong, no  
I got whiplash

Gotta find my place  
I could fall from the human race  
If I don't find my place

Whiplash - and I know I don't belong  
Whiplash - let the devil sing his song  
Whiplash - cause I've done nothing wrong, no, no  
I got whiplash  
Whiplash  
I got whiplash
