

# The Way You Move

## The Audition

I've got this feeling in my bones  
It chills me right down to my, down to my core  
All we need now in this game that we like to play  
Is a secret to cover our mistakes, hey

I love the way that you move  
And all the things that you do  
You can take all you want from me  
I love the way that you move

I famished for your love, girl, I need it so  
These pains won't help me hide it  
I need to show affection in this game that we like to play  
Is a secret to cover our mistakes, hey

I love the way that you move  
And all the things that you do  
You can take all you want from me  
I love the way that you move

I don't think I know what has come, come over me  
I don't think I know, no  
I don't think I know what has come over me  
I don't think I know, no, yeah

I don't think I know what has come, come over me  
I don't think I know, no  
I don't think I know what has come over me  
I don't think I know, no

I've got this feeling in my bones

I love the way that you move  
And all the things that you do  
You can take all you want from me  
I love the way that you move

I love the way that you move  
And all the things that you do  
You can take all you want from me  
I love the way that you move
