Desperation

The Avengers

Gotta get out of here
there's nothing for me here
nothing to do, nowhere to go
no words to say, no thoughts to think
Oh, I'm leaving
the pressure's building up on me
the air is really thick, can't breathe I'm leaving
I'm running, I'm running out of time
out of breath, out of desperation

Now you see me, now you don't
can't stay here much longer
the situation I've been making for myself
can't take it, not you
I'm running I'm running
catch my freedom

now you'll see, I won't be here for long
I gotta get out
out from under you
what are you trying to make me do?
I'm running, I'm running
gotta get out
gotta catch my freedom
I'm running, running
I'm running out of desperation
gotta get out catch my freedom
gotta get where I can breathe
I'm running, running out of desperation
