

Sloppy Drunk

The Black Crowes

I would rather be sloppy drunk, than anything I know
I would rather be sloppy drunk, than anything I know
Give me another half a pint, boy, then you will see me go

Now I love that moonshine whiskey now, tell the world I do
Yes I love that moonshine whiskey now, tell the world I do
Now this is the reason why that I drink, I'm just trying to get
along with you

I said oh, oh, bring me another half a pint
I said mmmhuh, bring me another half a pint
Well I believe I'll get drunk, boy, and then we gonna rock this
joint

Well I love that moonshine whiskey now, tell the world I do
Yes I love that moonshine whiskey now, tell the world I do
Now this is the reason why that I drink, I'm just trying to get
along with you

I said oh, oh bring me another half a pint
I said mmmhuh, bring me another half a pint
Well I believe I'll get drunk, boy, and then we gonna rock this
joint
