

## Stitched To My Heart

The Black Heart Procession

My heart is bleeding rain drops, they're lonely rain drops  
when it used to shower all night long  
and in the well they'll find my heart, that I gave to you  
my heart is bleeding rain drops, they're lonely rain drops  
when it used to shower all night long  
and in the well they'll find my heart, that I gave to you  
and in the end they'll find her name, stitched to my heart  
I've been locked away  
I'll keep it locked away  
where they'll find no trace  
they're lonely rain drops  
I'll keep it locked away  
where they'll find no trace  
and in the well they'll find my heart, that I gave to you  
and in the end they'll find her name, stitched to my heart
