

## Sympathy Crime

### The Black Heart Procession

This one finds you nowhere  
Abandoned your truth unfolds  
You came  
You failed  
And it means nothing  
This one you take with you  
This is one I could never forget  
You run to that side  
And it means nothing  
You fade into that life  
Where it means nothing  
This is what they want you to think

It was torn from you then you fade from them  
And you wait you wait so long  
'Till it means nothing  
Don't wait don't wait so long  
'Till it means nothing  
(The girls sing) crime crime crime  
Ascent and decline  
Crime crime crime  
It's a sympathy crime
