

If You See Me

The Black Keys

If you see me comin'
Open up your door
If you see me comin'
Open up your door
I'll give you more lovin'
Than any man before

When I hit your door
Better treat me right
When I hit your door
Better treat me right
Oh, I need you, baby
Got no time to

I'll do for you
I'm gonna do for you
If you do for me
I'm gonna do for you
I'll be your man
If you ask me
