It's No Use

It's no use saying you're gonna stay If you don't want to be all mine I haven't got room for somebody who Is gonna hurt me all the time Somebody who couldn't see All the love I was trying to give It's no use saying you're gonna stay If you don't want our love to live. It's no use keeping you around If you don't want me all the way There's somebody new who can be found And I'll find her someday And she will be everything All the love she has she'll want to give It's no use saying you're gonna stay If you don't want our love to live. If you don't, oh I'd love to leave If you don't, oh I'd love to leave Oh I should be good to you but I can't cause before I was really true to you but you only hurt me more (repeat first verse)
